

Photos from The Day of the Dead trip in 2025 We expect the festival 2026 to be full again.

The trip includes the full Ixtapan Spa Fitness and Yoga Classic Spa Package. Because it is over the Day of the Dead Festival we include home visits to experience fascinating family altars, a day trip to fully festival decorated Metepec and Toluca the local capital. The epitome is the local night time parade with skeleton marching bands, ghosts and more, and Mexican music.

In 2025 the hotel also arranged a traditional balloon festival and an Aztec performance during a special dinner for this life changing Day of the Dead authentic week..
